Memorandum

TO : AD/OEL and EO/OEL

DATE: 20 November 1964

FROM : DAD/S&D

SUBJECT: Attached memoranda on ^{25X1D} Incident

25X1A

25X1A We discussed these with today.
25X1A appears to be satisfied with the content of these memoranda,
although he spent a considerable amount of time elaborating on the dangers
25X1A of handling such material. I feel that and company have probably
underestimated the serious results that could occur through handling this
material.
